NABA will sponsor up to two travel teams for each grade level. The number of teams sponsored will be a function of the number of players registered for NABA at each grade level, and the talent of the players at tryouts. Travel basketball exists to provide a competitive level for players with advanced skills. The time commitment for travel basketball will involve 2 games per week, one home and one away, and two practices per week. The season runs from November 1st through March 31st. NABA will provide all gym time for practices and home games.

In order to be eligible to participate in travel tryouts, the player must be registered with NABA prior to October 20th. The website is currently open for registration, so please sign up. If an NABA registered player does not make a travel team, they will be placed on an in-house team. No refunds will be provided to any player that has participated in any tryouts, clinics, practices, or games.
